Is the best time for you weekends or during the week?

If we plan in advance I often have studio space available on Saturdays and Sundays – early is often better than later – but it depends on the rest of the crew – I rent space with about 5 other folks. During the week Wednesday from 4PM to 8PM is often good too.

Are you 18 or older? If not I need to speak to your chaperone – I cannot tell people’s ages anymore – sorry.

Do you have interesting wardrobe / costumes or do you need them? I have people I work with - they will cost you about \$100 for three looks including jewelry etc. for regular items – really fancy specialty stuff may be more. I cannot tell your size or height.

Are you able to supply makeup? It needs to be well done – a bit wild is better than just enough. Same deal - I have people I can hook up with. Or you can bring a friend to do it if they are really good with it.

Can you layout your ideas the kind of images you would like me to create with you? - If there were three types or “looks” what would they be, etc. If you have pictures or ideas it is most helpful. On the other hand is there anything other than full nudes you do not want to do that I should know about – (I do not do shoot full nudity on the first shoot or ever without a witness for my protection).

Can you get to JAX Beach dependably and on time?

Can you get to my web site and download to documents or do you need me to send them to you – there are 5 – 6 of them you will want to become familiar with.

Do you have any questions or concerns about this – let’s talk about them
